

**State Project No. 713-37-0127**  
**Sam Head Road Bridge Over Bogaloosa Creek**  
**Ouachita Parish**  
**(Estimated Construction Cost: \$316,751.00)**

The existing structure is structurally deficient with a load posting of 10-15 tons. The existing route provides access from LA 34.

The construction of this project will assist your smaller contractors in meeting their equipment loans and payroll overhead costs.
